I can't remember if you are working on BDCP for CCWD (or anyone else), so if you have escaped that process, maybe you could give me a suggestion as to who would know the answer to this question:

The federal side is getting serious about defining what I think of as a preferred alternative, and is discussing the "sizing" issues.

I have a power point from maybe 6 months ago that is attributed to CCWD on this issue. I also have the PCL announcement from May 10 that explicitly references CCWD work.

What I don't have is the underlying CCWD report, if it exists and is publicly available in some form.

Do you have any idea where I might find that?
